Curriculum Vitae

PERSONAL PROFILE

- Skilled project manager to plan & execute multiple Oracle implementations as well as support projects effectively.
- Have been deputed on several onsite assignments for priority clients of the company.
- Known for extensive scope of responsibility, proven success, and track record of delivering optimal results.
- Motivated achiever with demonstrable ability to recommend enhancements to business processes.
- Exceptional problem-solver with keen ability to resolve issues and deliver projects with successful stories.

EXPERIENCE

1. Project Manager (Evolutionary Systems) (www.evosysglobal.com) (May – 2016 To Current) (Evosys acquired by Mastek Ltd.)

Responsible for the planning, budget, and timeliness of the project / account assigned by the company. Ensure high quality of deliverables, risk management and stakeholder management are excellently achieved.

- Successfully managed the delivery of more than 50+ projects as a project manager.
- Planning a project based on the scope, budget and objectives to secure resources and agree timelines with client.
- Leading, monitoring and maintaining progress of project plans to ensure delivery of the key stages and goals within the agreed constraints of time, cost and quality.
- Controlling and reporting progress to the Steering Group/Sponsor, and internally within Evosys and escalating any issues, as appropriate, in a timely manner.
- Managing customer expectations and monitor scope creep to ensure that Change Requests are clearly called out, agreed and impacted against timeline.
- Identify inter-dependencies between the various stakeholder groups to ensure all are aligned and risks are identified, mitigated and communicated.
- Lead a team of appropriately skilled resources to deliver the project and manage the availability and performance of these consultants.
- Travel to client sites as required.

2. PMO Coordinator (Evolutionary Systems)

(Sep - 2013 to Sep - 2015)

Prepare MIS for higher management members of the company. Support managers in tracking and reporting progress of all the ongoing projects in the company. Designed & Implemented PMO portal for project managers to measure their KPIs centrally. Ensured appropriate change management from on call project updates and excel reporting to automated MIS reporting and KPI calculations.
