Education:

Rajasthan technical university, Kota (Rajasthan)
Bachelor in engineering & technology, Mechanical Engineering
Class Level: Senior. By RBSE Ajmer with 70 %

Heat and mass transfer ,Thermodynamics, Mechanical Design/ Strength of Materials
, Thermal System Design ,Steam turbines & power plant ,Design of machines ,
Fluid Mechanics ,Mechanical Vibrations ,Manufacturing Processes

Academic Projects:

Study Project: "A vibration absorber"

Project Description : In vibration analysis, a dynamic vibration absorber, or vibration neutralizer, is a tuned spring-mass system which reduces or eliminates the vibration of a harmonically excited system. Rotating machines such as engines, motors, and pumps often incite vibration due to rotational imbalances. A dynamic absorber can be affixed to the rotating machine and tuned to oscillate in such a way that exactly counteracts the force from the rotating imbalance.

Achievements and Extra Curricular Activities:

Participated in college fest
Participation in technical symposiums in our college
Captain of College cricket team

Personal Details:

DOB: 29th Oct , 1993
Languages known: English, Hindi
Hobbies: listening music, Playing tennis, football, Watching movies and reading novels
