Data Management, Analytics, Migration

Very Good

Work History

2018-01 - Current

Senior Project Manager

HH AeXchange, Ahmedabad, IN

- Developed project plans and managed project scope using methodologies to guide projects from conceptualization to implementation and maintenance.
- Directed changes to project scope and cost and implemented appropriate change management processes to keep project on track.

- Finalized project financial records while collaborating with financial controllers and executives.
- Worked with third-party vendors to streamline appropriate processes
- Collaborated with business users, technical teams, database administrators and testing teams during kickoff meetings, joint application designing and planning sessions to validate requirements.
- Monitored contracts and service level agreements to identify potential risks and implement mitigation actions to protect development process from unforeseen delays and costs.

2011-05 - 2017-11

System Engineer

IBM, Neuchatel, Jakarta, Kolkata, Switzerland, Indonesia, India

- Resolved issues and escalated problems with knowledgeable support and quality service.
- Proposed technical feasibility solutions for new system designs and suggested options for performance improvement of technical components.
- Spearheaded compliance efforts and developed best practices to drive continual process improvements.
- Worked with stakeholders to determine implementation and integration of system-oriented projects.
- Created flowcharts, diagrams and other documentation.
- Documented system configuration, mapping and processes.
- Checked for accuracy and functionality during implementation of new systems.
- Automated data collection activities to increase productivity.
- Worked as Onsite/Technical Coordinator at various client Sites to manage Customers
- Configured, installed and upgraded SQL databases.
- Designed, coded, tested, debugged and documented programs using agile development practices.

2008-07 - 2011-05

Lead Software Engineer

RMS (iQor) India Pvt. Ltd., Gurgaon, Noida, India

- Translated customer and system requirements into robust software design with test-driven approach.
- Developed code using SQL and other programming languages to support digital repository frameworks and integrate systems.
- Worked on SSRS Reporting Services to build reports
- Worked on SharePoint (Admin) to deploy and subscribe reports for the customer
- Reviewed project specifications and designed technology solutions that met or exceeded performance expectations.
- Wrote relational database queries for stored procedures, query optimization

and performance tuning.

- Delivered technical guidance and consultation with application teams, clients and developers for technology domain environments.
- Provided guidance and direction to less experienced staff in resolution of highly complex technical problems.
- Worked collaboratively with stakeholders to resolve technical roadblocks.
- Communicated project plans, tracking details, status updates and risk mitigation plans to cross-functional team.
- Managed project and personal schedule by consistently meeting deadlines.
- Delivered unit-tested systems within customer-prescribed timeframes.
- Collaborated with clients to define solution requirements.
- Worked extensively in Datwarehouse architecture, design and implementation using various BI tools

Education

2006-09 - 2008-07 **Master of Technology (2 Years Post Graduate Degree): Information Technology**

Dr. B.R Ambedkar University - Agra

2002-09 - 2006-07 **Bachelor of Engineering (4 Years Graduate Degree): Electronics And Communications Engineering**

Visveswaraya Technological University - Belgaum

Accomplishments

- Delivered the biggest Project in my carrier so far, AWS Cloud Migration. Migrating all OnPrem Apps and servers successfully and timely into AWS Cloud.
- Received Client satisfaction award from both the Client locations (Neuchatel and Jakarta) by delivering beyond expectation results.

Award Name: Above and Beyond the Call of Duty

Certifications

2022-04 Project Management Professional (PMP)

2022-03 AWS Cloud Practitioner

Additional Information

Currently my Canada PR process is on the verge of getting final approval. ITA was issued and electronic submission of documents done on 3/14/22. Waiting for final approval / PR VISA Letter.

- Express Entry Profile #: E002646221
- Nomination Certificate #: 3062335
