**Job Responsibilities :** -> Leadership and Roaster & site maintenance

-> Day to day site DPR reports update

-> Data report and site structure analysis

-> Good working hands on Auto Cad designing tool

---

## Educations

- **BACHELORS IN TECHNOLOGY** - AMBALIKA INSTITUTE OF MANAGEMENT & TECHNOLOGY, LUCKNOW

June 2016 – SEP 2020

75%

- **INTERMEDIATE** - ADITYA BIRLA INTERMEDIATE COLLEGE, SONEBHADRA

May 2016

81%

- **HIGH SCHOOL** - ADITYA BIRLA INTERMEDIATE COLLEGE, SONEBHADRA

May 2014

71%

---

## Trainings

- **Design of G+13 Residential Building - UP Board of Housing & Developing Centre – Lucknow - JUNE/2019 – JULY/2019**

This training has been done by me when i was in my 3rd year of graduation under the supervision of Sr Eng. Jagdish Sir , inside it I learned so many things about construction of residential building like-

- > It required following paper work before the start of actual construction ,
- > Preparation of Construction Drawings as per requirements of consumers,
- > Estimation of material cost, labor cost & contingencies,
- > Approval of drawings & estimates from Client

- **Design of RCC Water Tank - Aditya Birla Hindalco Industries  
JUNE/2018 – JULY/2018 - Sonebhadra**

It was my first field experience as a intern at Aditya Birla Hindalco industries. I got to know that practical knowledge is so different as compare to theoretical knowledge. I learned a lot of new things in this like -

- > Reading construction drawing
- > Working through Drawing
- > Utilization of man power , machinery
- > Preparation of labor cost , material cost, total construction cost etc.

---

## Projects

- **CONSTRUCTION OF G+2 RESIDENTIAL BUILDING / DEC 2019 – MAR 2020**

Assessed new engineering designs to verify technical feasibility and compliance with Indian standard code IS:456 , Tested soil and materials to determine foundation strength and produced precise technical specifications, data sheets.

- **CONSTRUCTION OF 4800 Sqt Ft HOUSE PLAN / AUG 2019 - SEP 2019**

Appointed to survey on that land to measure to determine features, created maps of land for inspections and reports & used CAD to analyze outer data and design solutions.

## Skills

- AUTO CAD \* \* \* \* \*
  - REVIT ARCHITECTURE \* \* \* \* \*
  - SKECHUP \* \* \* \* \*
  - V-RAY \* \* \* \* \*
  - STAAD PRO \* \* \* \* \*
-

# Workshops

- Auto cad by CETPA PVT. LTD. Training center
  - Concrete Technology by Ultratech Cement Concrete Plant
  - Solar System by AIMT
  - Durability of concrete by ICI Technology
  - Contract Management by CMTI
  - Shallow Foundation by CMTI
- 

## Declarations

I hereby declare that all information given above is true correct and complete to the best of my knowledge and believe.

**Yours Faithfully**
