EDUCATION

Qualification	University/college	Result
B.E(EC)	Vishwakarma government engineering college	7.65/10 CGPA
Diploma(EC)	Government polytechnic gandhinagar	8.69[2018]
SSC	GSEB	59%[2015]

SKILLS

Programming language:- C language, Basic vlsi language, Embedded C.

Simulation software:- Xilink, Proteous, MATLAB, MULTISIM.

pcb soldering and pcb designing.

EXPERIENCE

Repairing electronics device, kadi(at Home)
(part time working during education)

We are providing service for free dish d2h installation and set top box repairing. Also we repair some parts of mobile phones.

AWARDS

Certificates in pcb soldering(3rd rank).

Certificates in ads making.

PROJECTS

Project Name —IOT BASED *FLUID LEVEL MONITORING SYSTEM.*

Details ;- it is an innovation system which will inform the users about the level of liquid and will prevent it from overflowing.

Diploma Project Name — LAPTOP POWER BANK.

Details :- The maximum battery backup of a laptop is 3 to 4 hours. After 3 or 4 years the battery backup of the laptop is poor and we are required to charge the laptop many times a day. But due to traveling there is a problem to find power socket for that we make a laptop power bank.

LANGUAGES

English,Hindi.
