ch.ramyasaisree1997@gmail.com

## CAREER OBJECTIVE:

To join in a company that offers me a stable and positive atmosphere and inspires me to enhance and therefore to innovate the work culture for the betterment of all parties concerned.

## Projects worked in:

### Mini project:

➢ Over Speed Indicator

It is a simple concept , which  is used to control Speed by indicate Piezo Buzzer.

It automatically indicates the Buzzer when the Speedometer touches the Maximum Speed.So that,User will Reduce the Speed of the Motor.

### Major project:

➢ A SINGLE-STAGE SINGLE-SWITCH BASED SOFT-SWITCHING LED DRIVER FOR POWER FACTOR CORRECTION

An LED driver can drive by Using Single Stage Single Switch Soft Switching i.e; The Switch turn on under Zero Current Switching(ZCS)condition and turns off under Zero-Voltage-Zero -Current-Switching (ZVZCS)condition.

LED can drive in different mode of operation to reduce the Harmonics and improve the Power factor.

## SKILLS ACQUIRED:

**Programming Languages:** Basics in C language.

**Areas of Interest:** Electric vehicle technology , SCADA.

## CO-CIRCULAR ACTIVITIES:

Participated in project expo which is organized by our college.

## STRENGTHS :

Patience, Positive thinking, believe in team work.
